For your request, the attached USASIA study, Signal Technical Intelligence Study - Cambodia, Laos, North and South Vietnam, (S-116-59), January 1959, (SECRET), which is on areas of interest [REDACTED] is being made available to you on a restrictive use basis. Copies of this document have received a limited distribution.

You will note that portions of this study are controlled, "Not Releasable to Foreign Nationals". We have received permission from the originating Agency to make an exception to this limitation in order to make it available to you. Therefore, it would be appreciated if the receipt of this document [REDACTED] is handled in a restricted manner.

I am also enclosing an Agency produced map on North Vietnam.

Regards
